EMPLOYER-SPONSORED
RETIREMENT PLANS

Better retirement plan management. Less stress.

Trivium becomes your retirement plan's advisor and oversees the parts of the plan that take your time. We strengthen provider relationships and improve the plan experience for you and your employees.

OUR APPROACH We improve your plan's current design and provider relationships first. If your plan's servicing needs continue to fall short, we search for alternative providers.

WHAT TRIVIUM DOES FOR YOUR PLAN AND STAFF

01 HR support

Less back and forth with your plan's providers. We help HR teams resolve service issues and improve communication and coordination.

02 Compliance and fiduciary focus

We identify areas of concern, strengthen oversight practices, and take a proactive approach to plan responsibilities and regulatory risk.

03 Ongoing plan design and operational oversight

We look for opportunities in plan design, fees, participant engagement, service quality, and the overall employee retirement experience.

04 Recordkeeper and administration options

We compare your plan's providers to the industry and present solutions aligned with your organization's needs.

PLAN TYPES 401(k), profit sharing, 403(b), government, pension, and contractor plans.
